

Rural Health Outreach Grant Program

MultiPlan grants help member facilities in rural areas serve the healthcare needs of their communities.

MultiPlan knows that a hospital's relationship with its community is integral to its ability to serve its residents. That's why, since 1995, we've offered grants to participating rural hospitals. Since then, MultiPlan's Rural Health Outreach Grant Program has awarded nearly \$300,000 to help rural healthcare facilities reach out within their communities with healthcare services and educational programs.

2008 Rural Health Outreach Grant Winners

Alliance Healthcare System in Holly Springs, Mississippi will use their grant to kick off the Holly Springs Hoofers walking club, which seeks to improve community public health through a focused, community-wide physical activity.

Atlanta Memorial Hospital in Atlanta, Texas will purchase balance therapy equipment used in its Senior Falls Prevention Program.

Fairmont General Hospital in Fairmont, West Virginia will provide instructional, nutritional, and physical activities for 100 fifth graders through their Get Fit Fifth Graders program.

Fisher-Titus Medical Center in Norwalk, Ohio is expanding their CPR Anytime program for at-risk infants and infants born to teenaged parents.

Licking Memorial Hospital in Newark, Ohio will provide ECG or EKG testing to their pre-participation sports screening evaluations.

Logan Medical Center in Guthrie, Oklahoma will continue improvements of their emergency pediatric services.

Lourdes Health Network in Pasco, Washington will offer education about breast cancer prevention and screening procedures as well as free mammograms to uninsured and underinsured women.

Mercy Hospital in Independence, Kansas will institute a program that provides diabetic patients with primary care, health education, and support that encourages positive lifestyle changes and improves control of the disease.

Rural Health Outreach Grant Program

New London Hospital in New London, New Hampshire is using their grant to provide free mammograms and breast cancer diagnostic services.

Unity Family Healthcare in Little Falls, Minnesota will put their grant towards their Bridges: Youth, Family, Community program to improve the lives of at-risk children and their respective families through intervention, support and education.
