

## MultiPlan Network and Limited Benefit Plans

### Imagine Driving More Savings Through Your Limited Benefit Plan

Today more than ever, health plans with limited benefits are an ideal solution for consumers responsible for most or all of their healthcare costs. With the MultiPlan Network, you can offer them access to thousands of hospitals, practitioners and ancillary facilities who have agreed to significant discounts on their medical services.

#### Significant Access and Savings

With the MultiPlan Network in your cost management strategy, you give your health plan participants the choice of more than 4,600 hospitals, 98,000 ancillary facilities and 725,000 healthcare professionals nationwide, whether they seek care in their home town or across the country.

And with discounts averaging 40 percent for physicians and specialists — the types of services most typically used with limited benefit plans — your members get more value for their benefit dollars.

#### Minimum Plan Requirements

Limited benefit plans that reimburse the provider for covered charges directly—rather than reimbursing the member—are eligible to use the MultiPlan Network, as long as the following minimum benefits are offered:

Plan Benefit	Minimum Benefit Design
Hospital Inpatient Daily; includes room and board, hospital admission, miscellaneous services and any other in-patient hospital coverage.	\$250/day; ICU coverage at twice the daily room and board
Annual Plan Maximum; Rx not included	At least \$2,000
Office Visits; well or sick care	3 or more visits/\$50 each—or equivalent
Diagnostic Services	\$250/year
Emergency Room	\$250/visit; Minimum of one covered benefit per year
Surgery; inpatient or outpatient	Schedule of benefits; \$500/year
Accidental Benefit	\$200/year

Please note that limited benefit plans used with either the PHCS or MultiPlan Network must reimburse the provider for covered charges directly — rather than reimburse the member.

##### *Network-Based Solutions:*

- Primary PPO
- Complementary PPO
- Specialty Networks
- Network Management

##### *Analytics-Based Solutions:*

- Negotiation Services
- Medical Reimbursement Analysis

## The MultiPlan Network for Limited Benefit Plans (as of July 2014)

The table below represents the number of providers in the MultiPlan Network that accept limited benefit plans as of July 2014. Please note that physicians are counted only once as a primary care physician and once as a specialist (if applicable) in each state in which s/he practices. 'Unique Totals' represent provider headcount, disregarding multiple locations.

State	Facilities		Practitioners	
	Hospital	Ancillary	Primary	Specialist
Alabama	96	1,289	2,961	6,091
Alaska	19	178	281	858
Arizona	63	2,778	5,512	14,513
