

## Supplemental Provider Listing – National Laboratories

These participating national laboratories may not show in your search results because they operate from centralized locations that may be outside the geographic area you are searching, however they maintain drawing stations in various other locations nationwide. You should have access to these organizations if your ID card displays the MultiPlan or PHCS logo.

Before scheduling your appointment or receiving services from these or any providers, check with the provider to confirm their participation in the network at the desired location and for your specific health plan.

Members are strongly encouraged to search online for the most recent information and appointment scheduling options.
