Please take the time to read our Code, and ask questions if you see something you don't understand. Many resources are available to help you. Your support in abiding by our Code – as well as in making MultiPlan a leader in the industries we serve – is appreciated and valued every day.

5. Conflicts of Interest

Relationships with Third Parties

Network providers and Third-Parties must avoid any conflict of interest with MultiPlan employees. A conflict of interest occurs when a MultiPlan employee's private interest interferes in any way – or even appears to interfere – with the employee's ability to make fair and impartial judgment and to act in the best interest of MultiPlan. This requirement also applies to MultiPlan employees' Family Members. A "Family Member" includes: an employee's spouse, as defined by state specific statutes and adoptive, biological, step or half relation child, parent, brother, sister, grandparent, grandchild, mother or father in law and legal guardian.

MultiPlan's purchasing decision are based on the Third-Parties ability to meet MultiPlan's needs and not on the basis of personal relationships or gift and gratuities extended or accepted. Any gifts, meals, favors or entertainment, in any form, that would likely result in an expectation of a personal obligation, should not be extended or accepted.

Relationships with MultiPlan Employees

MultiPlan employees may not have a personal ownership or other financial interest in any organization or individual's business that either competes with or does business with

MultiPlan unless they have received prior management approval. To avoid a conflict of interest by a MultiPlan employee, you may not deal with any MultiPlan employee who has a personal ownership or other financial interest in your business. Similarly, each MultiPlan employee shall disclose if a Family Member works for an entity or individual with which MultiPlan has a business arrangement, or is contemplating entering into a business arrangement with an entity that directly competes with MultiPlan. As such, you too must disclose such business relationships to MultiPlan.

Gifts and Gratuities

The purpose of business entertainment and gifts is to create goodwill and sound working relationships. The purpose is not to gain an improper advantage or provide an incentive or “kick-back” to encourage business arrangements with customers, or MultiPlan. In no event shall employees accept from you or offer to you gifts, favors, services, entertainment or other things of value (over \$100) to the extent decision-making or actions affecting MultiPlan might be influenced by such gratuities. Further, no bribes, kickbacks or other similar payments, in any form, shall be made, directly or indirectly, to, or for, a MultiPlan employee, agent or representative. Service or product offerings shall represent the fair market value of the services provided by the Third-Party to MultiPlan, negotiated in an arms-length transaction and should not be determined in a manner which takes into account the volume or value of any referrals or business otherwise generated between MultiPlan and the Third-Party.

Before offering or providing any gift or gratuities to a MultiPlan employee, the network provider or Third-Party must confirm with the MultiPlan employee that such gift or gratuities would not place the employee in violation of this Code and/or applicable MultiPlan policies.

Nothing in this Code shall prohibit a MultiPlan business unit or supervisor from establishing stricter rules relating to the acceptance of gifts, gratuities or other items of value from network provider and Third-Parties.

Outside Activities and Directorships

Each MultiPlan employee has a duty to disclose any Outside Activities and Directorships, including any charitable or civic organization, that directly or indirectly affect company duties, to the Vice President for his/her division.

A person is involved in “Outside Activities and Directorships” if the person (1) holds a job outside of MultiPlan, or (2) is involved in a business outside of MultiPlan, or (3) is involved with civic, trade, and charitable organizations in a role that may directly or indirectly affect the ability of the employee to perform his/ her duties with MultiPlan or may influence decisions the employee makes on behalf of or affecting MultiPlan.

MultiPlan retains the right to prohibit membership on any Outside Activities and Directorships where such membership might conflict with the interests of MultiPlan. Questions regarding whether or not such participation by a MultiPlan employee might present a conflict of interest should be addressed to the employee’s manager or Human Resource Representative.

Lobbying

Network providers and Third-Parties shall not engage in lobbying activities on behalf of MultiPlan unless authorized. Lobbying is strictly regulated by federal and state government rules. For example, certain federal programs require that no federally appropriated funds have been paid or will be paid by or on behalf of MultiPlan to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any federal contract, the making of any federal loan or grant, or the entering into of any cooperative agreement, or the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement. You may not communicate with elected officials or their staffs on behalf of MultiPlan without clearance from Human Resources and the Legal Department. Network providers and Third-Parties are also prohibited from contributing or making any agreement to contribute any money, property, or services of any MultiPlan resources or personnel at MultiPlan's expense to any political candidate, party, organization or committee.

However, your involvement in politics must remain separate from your contractual responsibilities as a network providers and Third-Parties.
